Meherrin Talking Leaves

We had the passing over of our great Chief Wayne Brown on February 7th 2019. Chief Brown loved his family, and served his tribe passionately. In 1975 he placed an ad in the local newspaper-seeking Meherrin Nation descendants. He re-organized the Meherrin Nation in 1975 and became the first chief under the newly formed government since the 1800s. This led to the endeavor of gaining state recognition in 1986 and the pursuit to obtain federal recognition for the tribe. In 2008, following a notable career in Virginia, Wayne Brown was elected Principal Chief in a general election by Meherrin Nation tribal members. Chief Brown instituted many beneficial programs for the Meherrin Nation and facilitated the return of traditional Iroquois cultural practices to our community. Working with tribal members and medicine society members from the Haudeonosaunee, Chief Brown restored ceremonies and the Great Law of Peace in the Meherrin Community, which shares a history with the Tuscarora Nation. These have grown among the community in the time since. His leadership will be missed.
Tribal Enrollment

The Meherrin Tribe opened enrollment for new members in the Fall of 2018. There were over 250 new applications submitted during that time. The Tribal counsel is currently reviewing all of the applications and will be making decisions on these applicants in the near future.

The tribe did have some unexpected delays in this review process with the passing of Chief Brown along with other elders of the Nation. We apologize for not getting back in touch with you sooner and we appreciate your patience as we work through this process.

If there are questions regarding the status of your tribal enrollment please feel free to contact Jon Caudill at bmeherrin@yahoo.com

The traditional language of the Meherrin Nation is Skarù:rę. Few Meherrins speak Skaru:re today, but many tribal members are working hard to remember and learn the language. You may hear Skaru:re being spoken at our traditional gatherings and social dances, especially as part of our Thanksgiving Address which is recited before and after all festivities.

Skaru:re is a Northern Iroquois language, closely related to those of the Five Nations. The ancestral group of the Tuscarora, Meherrin and Nottoway broke away from the common ancestral group we share with the Haudenosaunee (Five Nations) about 2,000 years ago and migrated to what is now North Carolina and Virginia. Once here, we separated into three distinct nations, but remained politically united.

Efforts are being made to restore the language to the Meherrin people. The tribe is coming up with ideas to create instructional videos for those interested in relearning the language.
